

PROSWIVEL™ SWIVABINER

The SwivaBiner combines a swivel, pulley, and carabiner into a single compact device with a double-detent sideplate that opens while the pulley is still attached to the anchor. Teaming up with Rock Exotica, CMC offers a single and double sheave SwivaBiner each certified to NFPA standards. They are an excellent option for mechanical advantage systems for hauling and ascending, and they work well in combination with high anchors, tripods, and redirects. The SwivaBiner is patented, time-tested, made in the USA, and brought to you by two companies committed to quality and service. For more swivel pulley options, check out our full [ProSwivel Pulley line](#).

NOTE: The carabiner component of the SwivaBiner does not open wide enough to accommodate the CAPTO becket. For the CAPTO becket, please consider using a ProSeries, ProTech, or ProSteel [carabiner](#) paired with a [ProSwivel Pulley](#).

Features:

- Combined swivel, pulley, & carabiner reduces system length, allowing more travel
- Auto-locking integrated carabiner is quick, convenient, and easy to use
- 1.1" sheave is compact and lightweight, efficient for a variety of applications
- Pivoting sideplate allows rope loading without disconnecting from anchor
- Double-action detent button prevents accidental opening of the sideplate
- Sheave is mounted on sealed ball bearings for maximum efficiency
- Rotating swivel aligns rope with the direction of pull
- Ergonomic design for anchoring and loading with one hand
- CNC machined for optimal strength & weight
- Prusik minding faceplate prevents entanglement
- Double sheave pulleys equipped with integrated becket
- Compatible with rope up to 13 mm (1/2 in)
- Ideal for rescue, work at height, and tree care
- Classified to NFPA Technical Use
- Patented, USA Made, time-tested, and proven

CMC has issued a [Product Recall and Safety Notice](#) for certain lot numbers of Proswivel Pulleys. We have corrected this issue for current and future Proswivel Pulley production.

Option	1.1" PMP SwivaBiner Pulley
Item	300435
PRODUCT WEIGHT	200 G (7.0 OZ)
PULLEY TYPE	SINGLE SHEAVE
SHEAVE MATERIAL	ALUMINUM
HEIGHT X WIDTH	163 X 51 MM (6.4 X 2.0 IN)
PULLEY COLOR	BLACK
NFPA RATING	TECHNICAL USE
3 SIGMA MBS	22 KN (4,946 LBF)

Option	1.1" PMP Double Swivel Pulley
Item	300439
PRODUCT WEIGHT	298 G (11 OZ)
PULLEY TYPE	DOUBLE SHEAVE
SHEAVE MATERIAL	ALUMINUM
HEIGHT X WIDTH	182 X 51 MM (7.2 X 2.0 IN)
PULLEY COLOR	BLACK
NFPA RATING	TECHNICAL USE
3 SIGMA MBS	22 KN (4,946 LBF)
