

STAINLESS STEEL CARABINER

The Most Corrosion-Resistant Carabiner Available. 100% Stainless Steel. Classified to NFPA General Use. ANSI version available.

If you work in some of the toughest conditions imaginable and need a carabiner that is ready to perform no matter how harsh the environment, this is the model you've been looking for. Made of 100% stainless steel, including internal parts such as pins and springs, this carabiner is compact enough to operate easily with one hand and has a side-swing gate. The non-ANSI version will fit over a standard litter rail. The key-lock design eliminates snagging, and the three-stage auto-locking gate has a visual locking indicator. Both our models have the highest NFPA strength rating – General Use.

Every carabiner is proof loaded. Patented.

Stainless	Major Axis	Minor Axis	Major Axis, Gate Open
300010	40 kN	14 kN	11 kN
300011	40 kN	14 kN	11 kN

Option	NFPA
Item	300010
PRODUCT WEIGHT	221 G (7.8 OZ)
GATE OPENING	27 MM (1.05 IN)
INTERIOR LENGTH	91 MM (3.6 IN)
GATE / COLOR	AUTO-LOCK / STAINLESS STEEL
RATING	NFPA GENERAL USE
3 SIGMA MBS	40 KN (8,992 LBF)

Option	NFPA / ANSI
Item	300011
PRODUCT WEIGHT	238 G (8.4 OZ)
GATE OPENING	23MM (0.9 IN)
INTERIOR LENGTH	91MM (3.6 IN)
GATE / COLOR	AUTO-LOCK / STAINLESS STEEL
RATING	NFPA GENERAL USE; ANSI Z359.12
3 SIGMA MBS	40 KN (8,992 LBF)
